Subject: PolyMet NPDES Response to Comments
Attachments: WATER RTC (PHE Delineated - Excel) (EPA) (2).pdf; MULTIPLE RTC (PHE Delineated - Excel) (EPA) (2).pdf

Good afternoon Kevin,

Attached are our current Response to Comments on the NPDES/SDS permit.

They are being sent as 2 separate files, largely as a result of how our contractor delineated and catalogued comments from all the different sources (public meeting, on-line submittals, written submittals, etc.). When they went through all the comments, they pulled out the ones that appeared to be primarily related to the NPDES permit and catalogued those as "WATER". For other comments they thought could apply to multiple permits (AQ and/or 401 in addition to the NPDES), they assigned those to the "MULTIPLE" spreadsheet.

These assignments are somewhat subjective, but nonetheless we captured all the comments between the two.

Please confirm receipt and let me know if you have any questions.

Richard
